Leads and CRM: CRM Management, Lead Follow-Up and Prequalification, Appointment Setting, Email and SMS Follow-Up

Funding Support: Document Collection, Application Information Review, Business Funding Support

Tools: GoHighLevel (GHL), Nedzo.ai, Slack, Notion, Microsoft Outlook, Google Sheets, Carbon CRM, Quo, CallHippo, Mojo Dialer

WORK EXPERIENCE

Funding Specialist / Business Funding Support VA | Wealth Builders Academy / Wealth Builders Capital — Feb 2025 to Feb 2026

- Supported business funding applications by reviewing preliminary qualification requirements and collecting documents.
- Checked credit scores across all three bureaus, using a 700+ threshold for applications handled in this process.
- Reviewed revenue, time in business, business type, requested amount, bank statements, and other application details.
- Organized information for qualifying applicants and forwarded applications to a colleague, or notified the CEO for direction.
- Managed CRM records in GoHighLevel (GHL): updated lead notes and follow-up tasks and tracked lead progress.
- Used Slack, Notion, Outlook, and Nedzo.ai for communication, documentation, follow-up, and webinar outreach.

Appointment Setter | The Joint Chiropractic — Jan 2026 to Sep 2026

- Contacted warm and inactive leads to follow up on interest and schedule appointments, including after hours.
- Updated lead information and tracked follow-ups in Carbon CRM and Google Sheets.
- Used CallHippo, Quo, and other tools to support outbound calling and lead communication.

Customer Service Representative, T-Mobile Rebates Account | iQor Philippines — 2024

- Handled inquiries about T-Mobile rebate applications, including rebate status and processing updates.
- Checked rebate eligibility and helped customers understand the requirements for qualifying rebates.
- Helped customers with missing or delayed rebates by reviewing information and explaining next steps.
- Verified and updated customer account information to help ensure accurate rebate processing.
- Documented customer interactions and followed established procedures for rebate-related concerns.

Key skills: Customer Service, Rebate Processing Support, Account Verification, Problem Resolution, Data Entry, Customer Communication.

Claims Review Examiner, Device Protection Account | Asurion — 2023 to 2024

- Reviewed device protection claims and supporting documents to help verify claim eligibility and accuracy.
- Examined product receipts, insurance-related documents, and photos of damaged devices submitted with claims.
- Evaluated claim information to help determine if a device qualified for repair or replacement under the plan.
- Provided technical support on device protection claims and guided customers through claim requirements.
- Followed established procedures and documentation requirements when reviewing claims and handling concerns.

Key skills: Claims Review, Document Verification, Device Protection, Technical Support, Claims Processing, Attention to Detail, Customer Service.

Real Estate Appointment Setter | Contract / Freelance — 2019 to 2020

- Made outbound calls to property owners from scripts and lead lists and scheduled appointments for local representatives.
- Updated lead records and tracked follow-ups using Mojo Dialer, Google Sheets, CRM systems, Zillow, and Redfin.

Customer Service Representative / Provider Service Advocate | EXL — 2018 to 2019

- Assisted healthcare providers, including doctors and nurses, with claims inquiries and benefits information.
- Followed up on cases, documented interactions, and maintained accurate records using internal systems and spreadsheets.

Quality Control Analyst, Transcription | ScopeWorks Asia Inc. — 2014 to 2016

- Reviewed Australian voice-to-text transcription work for accuracy and quality, with a focus on detail.
